

Protect yourself. Protect your community. Get vaccinated.

COVID-19 VACCINES: GET THE FACTS

Vaccines are FREE for everyone.

But make sure and ask if there are any other costs with getting vaccinated. Once vaccines are widely available, anyone can get vaccinated regardless of immigration status.

The vaccine is safe and effective. The vaccine CANNOT give you COVID-19.

No other vaccine has been tested as much for its safety in U.S. history.

Side effects are normal.

Side effects mean the vaccine is teaching your body how to fight COVID-19.

Even if you had COVID-19 you should still get vaccinated.

Stay safe after being vaccinated and continue to:

- Wear a mask.
- Practice social distancing.
- Wash your hands often.
- Disinfect high-touch areas frequently.
